2. Item of interest from the DD/P Staff Meeting - 21 February

a. "Damage Report." This a well-done 40 minute film (USIB funded) showing how a hostile service can uncover the most sensitive secrets and take effective countermeasures. We shall schedule a showing for you at the earliest convenient time. Please give us an indication of the numbers each of you would have for such a showing.

3. No items of interest from the DDS Staff Meeting.

4. Other items of interest.

a. Loss of Personal Property. We recently had a claim for valuables lost during a shipment from overseas, and the review disclosed that the employee had never seen Book Dispatch 8236, which contained a firm request that it be brought to the attention of all employees. We suggest you review this yourself, and perhaps remind your posts that it should especially be brought to the attention of employees whose tours are coming to an end. You might also have your Personnel Officers routinely call it to the attention of all outgoing PCS personnel despite the fact Central Processing Branch has it on their checklist for travellers they process.

c. Consumer Price Index. The Bureau of Labor Statistics will probably announce a change in the CPI tomorrow. The official CPI in December was 127.3 and 128.1 is the trigger for a new cost-of-living increase. Should 128.1 be reached in January prices, the effective date of an increase in retirement annuities would be 1 June 1973 provided the CPI did not decrease during the three month holding period.
